WITH SO MUCH NOISE, HOW DO YOU KNOW WHERE TO START?

Your business may or may not have sustainability targets. It may have an ESG Manager and you may be making terrific progress towards reaching those targets and combating climate change, plastic pollution and many other plights we find ourselves trying to offset as part of our everyday lives.

You may be achieving lots or struggling to do very little.

Either way, like most of us, you are probably challenged daily by simply trying to do your own job, whatever that might be.

How does your business affect change and how do you make a difference whilst trying to balance the pressures of delivering your services in the current climate (no pun intended)?

At Merton Group UK Ltd we believe we can help by introducing significant positive impact through small non-disruptive changes to your everyday cleaning consumables.

Welcome to the \ZERO RANGE.

MEET THE ZERO RANGE...

A COMPREHENSIVE RANGE OF WASHROOM AND CLEANING CONSUMABLES CREATED SPECIFICALLY FOR MAXIMUM IMPACT WITH ZERO DISRUPTION.

HIGHLIGHTS ACROSS THE RANGE -

- \ZERO single use plastics and \ZERO plastic waste.
- Closed loop or plastic free compostable packaging.
- Sustainably derived ingredients with zero hazards once diluted.
- 100% FSC recycled papers with virtually zero dyes, bleach's or de-inking.
- UK manufactured with local materials processed with renewable energy.
- Cruelty free, Vegan, and 100% biodegradable.
- Eliminate Palm Oil, VOC's, Phosphates and EDTA.
- 99% less water transportation and fresh drinking water donations.
- Up to 99% CO₂ impact removed.
- Up to 95% storage space and handling reductions.
- Up to 99% less packaging and transport impact.
- Managed dosing and controlled costs.
- Cost-to-serve savings with only product being delivered (not water!).
- Comprehensive \Zero Range includes –
 - SKINCARE
 - HIGH TRAFFIC TOILET TISSUE AND CONVENTIONAL TOILET ROLLS
 - HAND TOWELS AND CENTRE-FEED WIPING ROLLS
 - SUPER CONCENTRATE LIQUID AND POWDER CLEANING PRODUCTS
 - SUPER CONCENTRATE LAUNDRY PRODUCTS

A BADGE OF RECOGNITION

As we develop our \\Zero Range with more plastic and CO2 eliminating innovations, you too can widen the positive impact of the range as you expand your portfolio to include more and more \\Zero products.

We will only ever include options that meet or add to the benefits of the \\Zero Range. Giving you complete confidence that any \\Zero product option will help further your ESG goals whilst playing an important part in tackling climate change.

SOAP|ZERO

PLASTIC FREE CONCENTRATED SELF-MIX SKINCARE

Created to provide a sustainable foaming soap solution that performs to the highest of standards. We have removed all of the water used in production to allow you to create the soap on site instead. Simply add concentrated sachets to water in the supplied mixing bottle, shake, leave for 15 minutes and then fill up your dispensers.

REMARKABLE BENEFITS INCLUDE -

- **1 SACHET = 1 LITRE OF SOAP.**
- **EASY PREPARATION WHEN YOU NEED IT, OR MADE TO STOCK.**
- **HUGE REDUCTIONS IN TRANSPORT AND STORAGE.**
- **ALL NATURAL INGREDIENTS.**
- **NO TESTING ON ANIMALS.**
- **100% PLASTIC AND MICRO PLASTIC FREE.**
- **100% RECYCLABLE PACKAGING.**
- **100% BIODEGRADABLE.**
- **1 PALLET OF SOAP|ZERO REPLACES 45 PALLETS OF TRADITIONAL 5L SOAP.**
- **FOR EVERY SACHET WE PRODUCED WE DONATE 1L OF FRESH DRINKING WATER TO THE [MADE BLUE FOUNDATION](#).**

MORE ABOUT MADE BLUE FOUNDATION

More than 700 million people still
do not have access to safe water.

Made Blue's mission is: **Clean
drinking water for everyone.**

They have already produced
more than 15 billion litres of clean
drinking water and every sachet
of Soap|Zero adds another litre.

www.madeblue.org

SUPAGREEN | ZERO

PLASTIC FREE NATURAL FSC PREMIUM RECYCLED WIPERS & TISSUE PAPERS

SupaGreen recycled paper products have been the backbone of MGUK's product portfolio for over 40 years. The focus to reduce energy consumption, material transportation, fibre density, chemical and water use, has enabled us to introduce additional lines with superior sustainability benefits.

PRODUCT BENEFITS INCLUDE -

- **FSC 100% RECYCLED – SORTED PREMIUM GRADE OFFICE PAPER AND LONG FIBRE RECYCLED CARDBOARD.**
- **MADE IN THE UK WITH MATERIALS SOURCED WITHIN 50 MILES OF THE MILL.**
- **REMOVAL OF ALL NON-ESSENTIAL CHEMICALS AND THEIR ASSOCIATED ENERGY USE.**
- **CHSA APPROVED.**
- **HIGHEST LEVELS OF SUSTAINABLE PACKAGING WITH BOXED AND PAPER TAPED PRODUCT.**
- **NATURAL PRODUCT, WITH LESS CONTENT IS ALSO KINDER TO YOUR PLUMBING.**

WHAT ABOUT BAMBOO!?

We use natural recycled paper – from premium grade office paper, boxes, etc. – instead of bamboo because the carbon footprint is smaller, we don't have to ship the bamboo from China and we prefer to reuse materials rather than tap natural resources.

Lets leave the bamboo to the Panda's!

MGUK RECOMMENDS

RECYCLED DISPENSERS...

We recommend Myriad dispensers to compliment our \Zero range as they are crafted from 100% recycled material

THINK SMARTER...

Talk to us about our SWARM Smart Dispensers for real time estate insight and activity data

19224Z / 19225Z

NATURAL HAND TOWELS

CASE OF 3000

Available in a 1PLY and 2PLY option, our natural handtowels are extra absorbent and remain strong when wet.

TISSUE INNOVATION...

Adding longer, smarter recycled cardboard fibres to our tissue mix means we can use less material, less process and less energy to create a superior quality product, suitable for any environment.

3106Z

NATURAL 2PLY MINI GIANT TOILET ROLLS

12 ROLLS X 150M

Quality, high traffic, everyday toilet tissue suitable for all areas.

20998Z

NATURAL 2PLY CENTREFEED ROLLS

6 ROLLS X 150M

Extra absorbency delivered by our new tissue blend offers a superior wiping roll.

20174Z / 20175Z

NATURAL TOILET ROLLS

CASE OF 24

Premium 2PLY and 3PLY quilted conventional toilet rolls. Formulated for a whiter finish.

20101Z

NATURAL NAPKINS

CASE OF 8800

Cleverly designed to soak and hold oils, fats and liquids without being tough on skin.

ECODOSING \ZERO

CLOSED LOOP SUPER CONCENTRATE CLEANING RANGE

The Ecodosing \Zero Range provides an opportunity for facilities to completely eradicate single-use plastics in their cleaning operation. The Ecodosing super concentrate cleaning options that already deliver considerable sustainability benefits can now be delivered using a closed-loop, dosing system designed to be returned, refilled and reused.

BENEFITS AT A GLANCE -

- Zero waste through closed loop returns system.
- 5 times more chemical than standard 1L Ecodosing resulting in substantial transport and transactional reduction with 500 trigger or bucket refills per 5L zero cube.
- No packaging for the reusable cubes.
- Covers all main applications such as catering, housekeeping, washroom, and floorcare, with a simple retro-fit capability for warewashing and glasswashing.
- Familiar, simple, intuitive, colour and number-coded cubes and labelling.
- UN certified stackable 5 and 10lt drums built to withstand multiple transports and handling.
- Easy-to-fit wall or shelf-mounted metal bracket requires only 4 screws.
- Unique sealed unit, no drips, no contamination double-valve system.
- Online collection & returns process with zero cost to users.

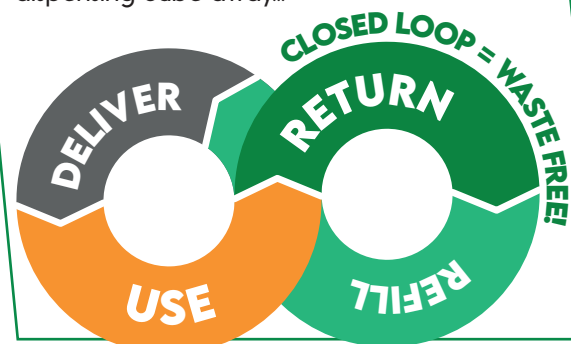

WHAT'S A SUPER CONCENTRATE!?

Glad you asked, we condense our cleaning solutions and eliminate as much H₂O as possible (about 99%) which allows us to save space, reduce weight, and eliminate huge amounts associated of CO₂. Typically, one 10ml dose of Ecodosing creates one active trigger spray bottle of chemical or a bucket of mopping solution. Genius!

That's 500 trigger sprays in one delivery, with no waste, at a cost of **ONLY PENNIES PER TRIGGER!**

WHAT DOES **CLOSED LOOP** MEAN?

You **never** throw our \Zero dispensing cube away, and we **never** throw your \Zero dispensing cube away...

2708Z
WASHROOM CLEANER
 5L ZERO PACKAGING
 Disinfect and clean any washroom environment with this fragranced BS EN accredited super concentrate cleaner

THE NEXT STEPS ON YOUR \ZERO JOURNEY...

WE BELIEVE THE FUTURE IS BRIGHT.

Let us run your consumables through our conversion calculator to see the impact we could make by the simple switch to \Zero. We use the latest online Government conversion factors to generate your predicted savings.

Once we know just how much we can achieve we will visit your site to complete a survey and consolidate your proposal. We don't just send prices, we aim to rebuild your portfolio from the ground up, reducing lines, creating efficiencies and generating savings wherever possible.

That's why Merton Group UK have been a **National** janitorial supplier for almost **50 years!**

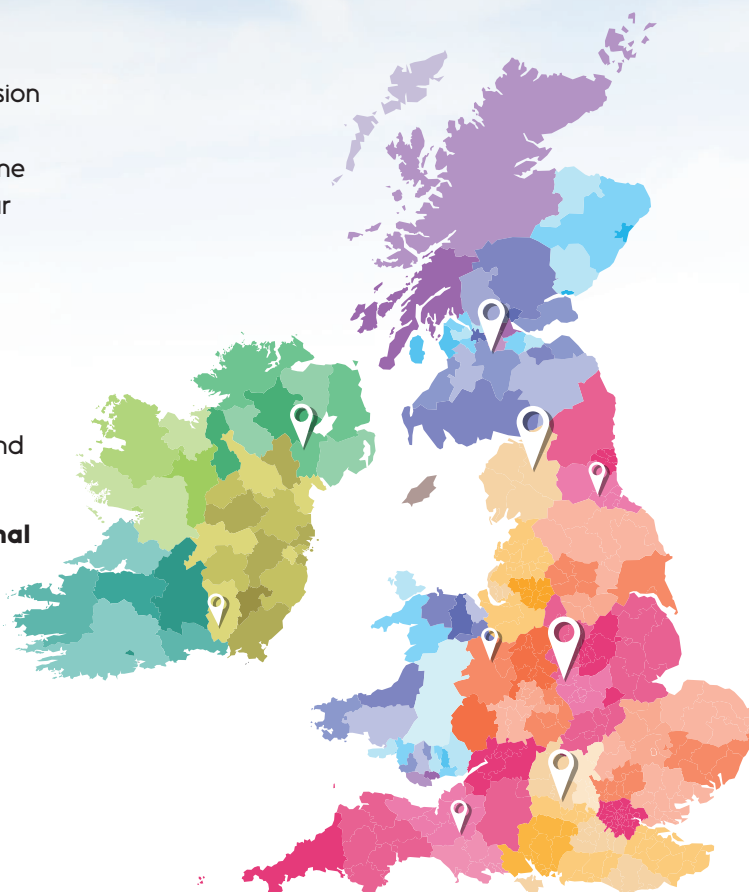

WHAT'S NEXT FOR MGUK...

We are working on a number of projects to introduce sustainable greener choices that help you make a positive impact on your numbers.

Our warehouses now re-purpose all cardboard and paper waste in-house and we are currently converting our vehicles to run on bio-fuel. Testing is underway for bio-film pallet wrapping and we have designs on a solar roof being drawn up. Who knows what the future holds for us and our product ranges but we will continue to discover, develop, redevelop wherever we can.

We look forward to working with you,

Merton Group

**PLEASE CALL US
ON 0116 231 4040
IF YOU WOULD LIKE
TO KNOW MORE**

We'd be happy to complete a **free**, no obligation, site and consumable survey for you.
