TECHNICAL DATA SHEET

CAR WASH & WAX – 0913

Modern advanced car shampoo formulation. Deposits cationic film to protect paint and repel water.

- ❖ Efficiently removes dirt and traffic film.
- ❖ Contains no additives likely to promote corrosion.
- ❖ Long lasting protection and gloss.

USES:

For regular washing of forecourt cars to retain gloss and protect paint.

Used where a fast turnaround is required as the wax additives ensure the rinse water beads off quickly.

DIRECTIONS:

Method One: Dilute two tablespoons of product with 10 litres of warm water into a bucket. Apply generously with a sponge or cloth.

Method Two: Pour some concentrate directly onto a wet sponge and apply neat to the vehicle. Rinse vehicle with clean water and allow to dry.

For a final finish, polish with a soft, dry cloth to buff up the wax.

For best results, apply product out of direct sunlight.

TECHNICAL SPECIFICATION:

Composition Aqueous blend of surfactants and free rinsing additives together with viscosity modifier, dye and preservative.

Appearance Viscous opaque liquid

Colour Green

Fragrance Odourless

pH 6.0

Density 1.005

Stability: 2 years

Safety: Keep out of the reach of children.

NOTE

ALLOW 30 MINUTES FOR THE WAX TO HARDEN BEFORE EXPOSING TO RAIN.
